“Their in-stock position is always strong. If we need something, they can usually get it to us within 24 hours. We are rarely out of stock on something, and that’s important to our customers.”

Traditionally known as the well-respected manufacturer of high-quality collated and hand-drive fasteners, Grip-Rite now offers a comprehensive

line of building products – including concrete accessories, fencing, and pneumatic tools and compressors.

“Not only do we stock their fasteners, but we’ve added tarps, crowd-control

fences, and tools to the mix. Their prices are very competitive and our customers trust the brand.”
